Instructions
For Use

Clean, Ready to Use
For Single Patient Use

INSTRUCTIONS FOR USE:

NOTE:
These directions are general guidelines intended for use by qualified medical personnel.

1. Connect aerosol tubing (not supplied) between the mask and the gas source.

2. Set the gas to the proper flow and check for gas flow through the device.

3. Position the elastic strap behind the neck.

4. Gently pull the end of the strap until the mask is secure.

5. When using suction, loosen the mask and drop the mask out of the work area.

WARNING:

WARNING: **Re-processing of products intended for single use only may result in degraded performance or a loss of functionality.**

WARNING: **Re-use of single use only products may result in exposure to viral, bacterial, fungal, or prionic pathogens. Validated cleaning and sterilization methods and instructions for reprocessing to original specifications are not available for these products.**

WARNING: **This product is not designed to be cleaned, disinfected or re-sterilized.**
